**16.00 closing of the working group by working group chair Klas Öberg**

## **Invitation by Klas Öberg to the Risk wg in Tallinn**

*Dear risk working group participants,*

*The plan is to meet for 4 hours in Island, 2 hours before lunch and 2 hours in the afternoon the 25th of September.*

*This is my suggestion for the agenda.*

*The first 2 hours we dedicate to update our indicators and discuss how we give indicators different weights and aggregate all information.*

*In the afternoon we discuss how we implement a data driven inspectorate.*

*It would be great if we had someone who could make an introduction to the discussions, let us know if you can.*

*Do you want to participate in the group?*

*Do you want to introduce one of the topics?*

*Best regards*

*Klas*
