

email 16-9-2019

To : EPSO RISK working group members and other possibly interested EPSO contacts.
From: EPSO Joint Office

Dear **EPSO RISK** working group members and new participants,

Our next EPSO RISK working group meeting will take place in **Malmö, Sweden at 23rd September 2019: 9am -11am** at the Clarion Hotel Malmö Live Congress Centre, address: Dag Hammarskjölds Torg2, Malmö.

Please find below the planned agenda:

Dear participants in the Working group regarding risk,

We look forward to seeing you all in Malmö. Following the inspiring discussions and suggested topics in Malmö, we suggest discussing the following topic:

- Using risk indicators when planning supervisory visits;
- "Forensics": can we share which indicators are most important based on cases where it went wrong;

As this time we have guest participants from Singapore, Hong-Kong and New Zealand, we would like to use the opportunity and hear from their experiences with risk-based supervision. They will make short presentations of state of play regarding risk-based supervision at a national level. Status, experiences, benefits and challenges. Based on this we can discuss and try to find common ground which could be shared in different unique settings.

All comments and ideas are welcome. Please forward them to Birgitte Drewes at bidr@stps.dk. and copy mmurel@epsonet.eu with suggestions.

Please find **at our website:**

Information about the previous working group meetings and other related information <http://www.epsonet.eu/risk.html> (User: EPSORISK pw:epsorisk)

- Please find **in the link to the latest information of our upcoming events**, further information about the conference <http://epsonet.eu/upcoming-conferences-2.html> .

Please let us know :

- if you or your other colleagues will be able to participate (if you have not already done so);
- If you like to share your work or other interesting documents with others;
- If you like to suggest new topics or have other ideas for this working group.

We are looking forward to a successful EPSO Risk working group meeting in Malmö.

Any other questions?
