Health Policy
& Management

Erasmus International Regulator course

Strategic thinking and development for health and care regulators

Erasmus University Rotterdam

Collaboration between academia & regulatory agencies

Erasmus School of
Health Policy
& Management

Inspectie Gezondheidszorg en Jeugd
Ministerie van Volksgezondheid,
Welzijn en Sport

Why this course?

- Obtain greater **insight** into current challenges faced by health and care regulators
- Be able to **analyse** the challenges using participants' experiences and recent scientific theories relevant to health and care regulation
- Be able to **design** innovative strategies and policies, based on theory and practice, to counter challenges and positively **impact** health and care quality and user experience

Build an international network of peers for continued shared learning

Embark on this learning journey with
±25 peers from different countries!

First edition (2022/2023):
23 participants from nine countries

Second edition (2023/2024):
24 participants from seven countries

Erasmus

Our educational approach

Variety of **teaching methods**:

interactive lectures, guest speakers, short assignments and exercises, plenary discussions

Work on an **Impact Project** to apply your learning to your own work context

Lots of opportunities to **exchange ideas** and share learning with peers

Taught by an international team of **regulation experts** from academia and practice

Erasmus

Who should join?

People working in organisations that regulate, inspect and/or oversee the quality and safety of providers of health and care

✓ *This includes acute care, mental care, disability care, long-term adult care, youth care*

2025 edition

- Two live blocks of 3-4 days in Rotterdam, the Netherlands
- One virtual meeting in-between
- First half of 2025
- Specifics about dates, costs and registration will follow in Autumn '24
